Structural Biology Center, West Campus**

KU THE UNIVERSITY OF
KANSAS
Department of Medicinal Chemistry

Mertes 75th Birthday Symposium and NMR Lab Dedication

We, the Mertes family, formally thank The University of Kansas for commemorating our dad. He would truly be honored to have such an important addition to the medicinal chemistry department be named after him. Our, dad was passionate about his research, and he encompassed sophistication and duty when it came to teaching. Again, thank you for this dedication. Warmest regards, the Mertes'
